DETAILED ACTION

Response to Amendment

1. Applicant's response to the office action filed on June 6, 2007 has been entered. The claims pending in this application are claims 1-16, 21-36, and 39-47 wherein claims 14 and 22 have been withdrawn due to species election.

Election/Restrictions

2. In view of newly added claims 41-47, this application contains claims directed to the following patentably distinct species:

- (1) the cells comprise bacterioplankton (claim 43)
- (2) the cells comprise Planctomycetales (claim 43)
- (3) the cells comprise Planctomycetes (claim 43)
- (4) the cells comprise Cytophaga (claim 43)
- (5) the cells comprise Lavobacterium (claim 43)
- (6) the cells comprise Bacteroides (claim 43)
- (7) the cells comprise Proteobacteria (claim 43)
- (8) the cells comprise Salinibacter (claim 43)
- (9) the cells comprise Rhodothermus (claim 43)
- (10) the cells comprise Methanococcus (claim 43)

The species are independent or distinct because these species are directed to different cells which have different properties.

Art Unit: 1634

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, generic claims are claims 1-13, 15, 16, 21, 23-36, 39-42, and 44-47.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).
